

PICKLING MODULES

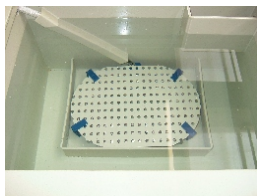

For the heating of most chemicals used in etching, acid pickling, cleaning and general workshop use.

Polypropylene construction
Thermostatic control
Made to most sizes
1 off or quantities

Fittings available:

Drain levels
Low level power cut off
Lids and stands
Digital thermostats
Pumps and filters

Heaters can be in Stainless steel and Titanium for larger tanks and PTFE coated for very aggressive solutions

We also make pickle tanks with a fitted extraction hood for the safe use of toxic materials
