

Polypropylene Cabinets

RESISTS HYDROFLUORIC, HYDROCHLORIC, SULPHURIC AND ALL OTHER MINERAL ACIDS PLUS ALL ALKALINE LIQUIDS

In extreme environments of corrosive fumes or where metal enclosures are not suitable because of magnetic or spark risk danger, (refineries, oil rigs etc), we produce an all plastic enclosure range.

Polypropylene fabricated cabinets have no internal metal, no coatings and are unbreakable.

They also will not damage in transit or use.

OUR CODE	TYPE	DIMENSIONS			DOORS	SHELVES
		W	D	H		
FC00PP	Cabinet	457	305	711	1	1
FC01PP	Cabinet	457	457	762	1	1

DESIGN SERVICE AVAILABLE IF SIZES ARE NOT SUITABLE.

VENTS AND EXTRACTION FANS FITTED TO ORDER

Vent outlet
If required

The most important part of this range is that there are NO INTERNAL METAL PARTS USED! Only the external lock is plated metal. We have developed catches, hinges, shelves and doors completely made in Polypropylene. This furniture will withstand the most corrosive and wet working environments.
